LH PACKAGING
TOTAL SOLUTIONS

## Horizontal flow wrapper chain type

⯈ Main performance &characteristics

1.Adopt a higher precision Servo system,with AC inverter intelligent and stepless controlling.which can realize simple operation and more correct cutting.

2.High-sensitive photo sensor, automatically adjust, track,find cutting point, accumulatively count packs,Automatic measure bag length.

3.Digital and independent PID temperature controlling,suitable for various packing materials.New type double fin sealing design makes the packaging high efficient and beautiful.

4.Adjustable bag former and pitches,enables the change of packing products conveniently.

5.The machine covered with full stainless steel materials.With timing belt transmission,Compact structure, lower noise and less shake.

6.Variety of optional device is available,Like:Touch screen/Date coder/Labels applicator/Euro slot or hole punch/Gusset forming /Nitrogen or gas inflation/Spraying alcohol/Automatic film

splicer/ Auto feeding/Desiccant feeder /Auto falling/Products conveyor/No products no packing / Check weigher / Metal detector etc.

⯈ Applicable

Usage: Suitable for automatic packing of bearings,tapes and hardware regular products etc.

⯈ Technical parameter

Packing speed (bag/minute)	30–200
Packing size (mm)	L60–280 W30–120 H5–50
Maximum width of film (mm)	350
Motor power	2.25kw
Heats up power	1.6kw
Rated voltage	220V/50Hz
Rated frequency	3.85kw
Weight of the machine	900KG
Overall size (mm)	4400x1500x1520

All packing sizes of the machine can be made according to customer's requirements

5.The machine covered with full stainless steel materials.With timing belt transmission,Compact structure, lower noise and less shake.

6.Variety of optional device is available,Like:Touch screen/Date coder/Labels applicator/Euro slot or hole punch/Gusset forming /Nitrogen or gas inflation/Spraying alcohol/Automatic film

splicer/ Auto feeding/Desiccant feeder /Auto falling/Products conveyor/No products no packing / Check weigher / Metal detector etc.

Using range

Mainly used for various kinds of solid objects with big sizes: such as: cookies,bread,pizza and cake bases, instant noodles, toilet paper,sanitary towel,baby diaper,fabric,infusion bag,

pipe and fittings,lamps and lanterns,Industrial parts,pharmaceuticals tools,daily necessities, hardware, or any other big sizes products loaded in box or tray.

Technical parameter

Model	LH-450E
Packing speed (bag/minute)	30-180bag/min
Packing size (mm) Length × Width × Height	L100-400
	W30-100 / 100-200
	H10-45 / 45-75
Maximum width of film (mm)	<500mm
Thickness of film (mm)	≥0.02mm
Power	220V,50/60HZ,3.2KW
Overall size (mm)	4420*950*1620mm
Weight	750kg
Package	3.1CBM,2CASES
Packing material	OPP/PP、OPP/CPP、PT/PE、PE、KOP/CPP、PT/PE/、AL/PE etc. Any heat–sealable composite materials foil/film

splicer/ Auto feeding/Desiccant feeder /Auto falling/Products conveyor/No products no packing / Check weigher / Metal detector etc.

Using range

Mainly used for various kinds of solid objects with regular shape(Square/Rectangle/Circular/Ellipse/Flake etc.),such as moon-cake, muffin cake,bread, fruit pie,biscuits,swiss roll,sweets,

chocolate, pharmaceuticals tools,medicine,daily necessities, hardware, or any other products loaded in box or tray.

Technical parameter

Model	LH-450F
Packing speed (bag/minute)	30-180bag/min
Packing size (mm) Length × Width × Height	L100-400
	W30-100 / 100-200
	H10-45 / 45-75
Maximum width of film (mm)	<500mm
Thickness of film (mm)	≥0.02mm
Power	220V,50/60HZ,3.2KW
Overall size (mm)	4650*950*1620mm
Weight	750kg
Package	3.1CBM,2CASES
Packing material	OPP/PP、OPP/CPP、PT/PE、PE、KOP/CPP、PT/PE/、AL/PE etc. Any heat–sealable composite materials foil/film
